

FreedomTM

CPAP BATTERY

The freedom to power your PAP device when and where you need it!

PRODUCT FEATURES

- Works with most PAP device models (see compatibility)
- Use in a single battery configuration or pigtail two batteries together for even more power
- Meets lithium-ion battery requirements for air travel
- Digital display indicates remaining charge level
- Use as a backup power supply during power outages
- Power other portable electronic devices such as cell phones and tablets
- Options for charging in a vehicle or using the power of the sun (sold separately)

Model: FREEDOM

Dimensions:
7.5" x 4.8" x 0.8" (L x W x H)

Weight: 1.7 lbs

Charge Time: 4 hours

COMPATIBILITY & AVERAGE RUN TIMES

The FreedomTM CPAP Battery is compatible with most PAP devices; however, some models require the use of a device-specific connection component. Multiple factors affect run times including, but not limited to, device type, pressure setting, humidifier usage, and if an additional connection component is required. Average run times are based on CPAP devices without the use of heated humidification and heated tubing on a pressure setting of 10 cm/H₂O.

• Resironics DreamStation Series

Requires DreamStation 12V Power Adapter {BPS C-12V-DS}
Single Battery: 1-2 nights
Dual Battery Configuration: 2-4 nights

• Resironics System One Series & M Series

No additional components required.
Single Battery: 1-3 nights
Dual Battery Configuration: 3-5 nights

• DeVilbiss IntelliPAP 1 Series

No additional components required.
Single Battery: 1-3 nights
Dual Battery Configuration: 3-5 nights

*IntelliPAP 2 requires power inverter in conjunction with battery kit.

• ResMed Air 10 Series & S9 Series

Requires ResMed 24V Power Converter {BPS C-24V-RES}
Single Battery: 1-2 nights
Dual Battery Configuration: 2-4 nights

• ResMed S8 Series

Requires 150W Sine Wave Power Inverter {BPS INVERTER}
Single Battery: 1 night
Dual Battery Configuration: 2 nights

• Most Other PAP Device Models

Requires 150W Sine Wave Power Inverter {BPS INVERTER}
Single Battery: 1 night
Dual Battery Configuration: 2 nights

** DreamStation 12V Power Adapter, ResMed 24V Power Converter and 150W Sine Wave Power Inverter are sold separately from the standard FreedomTM CPAP Battery Kit.
